Review of Assembly Members

Dear Sir,

One of the interesting things to have come out of the woodwork in recent weeks is how little our Peoples Voice Party representative does for the people of Blaenau Gwent in the Assembly.

Whilst Mrs Law clearly fire off press releases every week, an unanswered question is how well does she stand up for us in the corridors of power in Cardiff?

I understand that Mrs Law doesn't sit on any Committees in the Welsh Assembly. Yet, these Committees are crucial for the people of Blaenau Gwent. This is where the Executive is held to account, where key decision makers can be tackled and where tricky issues are discussed. It's just not good enough for our AM to be out of the loop on the big issues that affect us, because she hasn't put herself forward on our behalf.

I believe that Assembly Members earn over fifty thousand pounds a year. Based on the evidence available, we should be getting better value for money out of our Peoples Voice Party representative than we've seen so far.

Would you look into this please?

Yours
