

18th June 2008

Dear Madam

I am writing to protest at the proposed closure of our local school. This is a lovely village with a wonderful community spirit. The children at the school are part of that community; they know the local people both old and young and to send them to a different village or town is obviously not done for the good of the children or Llansadwrn community but purely for economic reasons. Once this beautiful school has been sold off, at vast profit no doubt, there will be no going back. This is not progress but a very bad irreversible backward step.

I help at the local Day Club in the village and the children come at various times, especially Christmas, to sing and spend time with the elderly people at the club. This is a marvellous link as most of us have known these children from babies and delight in watching them grow up. This of course would be lost to us. It would be like taking the heart out of the village.

Yours faithfully
